Delivered by Party B in Zone C of Temporary Pavilion and Auxiliary  
Facilities Project of Shanghai World Expo**

**November 21, 2008**

**Bidding methods: public bidding at [www.expo2010china.com](http://www.expo2010china.com)**

1. Entrusted by Shanghai Baoye Construction Co., Ltd, China Construction Eighth Engineering Division (hereinafter referred to as "Tenderee") and Shanghai World Expo Land Holdings Limited (hereinafter referred to as "Owner"), Shanghai SICC Construction Costs Consulting Co. Ltd(hereinafter referred to as Tendering Agency) invites qualified bidders to take part in the domestic open competitive bid on Cable Project Ordered by Party A and Delivered by Party B in Zone C (including Segment 1 and Segment 2) of Temporary Pavilion and Auxiliary Facilities Project of Pudong Park of Shanghai World Expo. The Zone C Project of Shanghai World Expo covers a building area of about 160,000m<sup>2</sup>. The bidding unit hereby issues invitations to qualified eligible bidders.

2. Qualifications requirements for the eligible bidder:

1) The bidders should be provided with separate legal entity qualifications and corresponding business scopes as well as perfect organization structure and personnel deployment. The out-of-town bidders shall own reliable and legal branches (subsidiary company or representative office) operating in the fixed office place of Shanghai; such bidders shall also submit the business licenses of their Shanghai branches.

2) The bidder shall have the RMB 50 million Yuan (inclusive) registered capital and paid-up capital or equivalent capital amount;

3) The bidder shall have obtained Grade AAA Credit Certificate;

4) The bidder shall possess bank credit certificate with good records;

5) The manufacturer has received ISO9000 Series Quality Management System Management Certification, and can provide internationally recognized certificate and certificate of Environmental Management System;

6) Certificates of state compulsory product certification;

7) Have obtained the certificate of high quality commodities above city and county level;

8) The bidder shall provide performance of the project in last three year similar to the bidding project, and provide documentary certificate of former project similar to the bidding project;

9) If goods provided by the bidder are not manufactured by itself, the bidder must obtain the exclusive authorization letter specifying the original manufacture's consent to deliver its goods for use of the bidder.

3. All bidders meeting above requirements can submit their application, and provide following materials when application:

- 1) Business License, Power of Attorney by the Legal Person, ID card of authorized representative;
- 2) The manufacturer agrees to provide the exclusive authorization letter specifying use of the tendered goods (see the Annex for its format);
- 3) The bidder shall provide the credential certificate (or its copy) issued by the opening bank within three months;
- 4) Production License and Safety Production License;
- 5) Company profile (including sales, installation, after-service and maintenance teams introduction);
- 6) ISO9000 Series Quality Management System Management Certification, Grade AAA Credit Certificate, Certification of Environmental Management Systems and product certification;
- 7) Documentary evidences of performance: copy of relevant engineering contract (cover, signed pages and pages indicating the engineering scope) or other evidences provided by users;
- 8) Product sample data and test report.

4. Application time and place:

All bidder willing to participate in the tender can take copies of above mentioned documentary certificate (official seal required) to RM 203, Command Center of C Zone in Pudong Park of Shanghai World Expo(Five-Office building with mosaic wall, near Shanghai Lupu Bridge) at 9:30~11:00am to 13:30~15:00pm of November 28, 2008 (Beijing Time).

5. Further notice will be made for other related tender documents.
